

## Practical Test

The practical test will last about 40 minutes & will start with an eyesight Test. Following this you will be asked to lead the way to your Instructors car. The next part of the practical test is the Show Me Tell Me. This consists of 2 safety check questions that will be asked in connection to your vehicle, you may need to lift up the cars bonnet at this stage. Then you will need to demonstrate what you have succesfully learned in the driving lessons with your Licence to Drive Instructor by driving safely in different situations. The test will also include carrying out 2 of the 3 reversing excersises (Reversing round a corner - Turning in the Rd - Reverse Parking ) This may or may not include an emergency stop.

In order to pass the test you will be required to make no more than 15 minor faults including no serious or dangerous mistakes. You may feel nervous on the day of the test, that's normal and most examiners are quite aware of this and will take it in to consideration. They are not horrible people but merely members of the DSA staff who are asesing your driving skills so that you can get your Licence to Drive.
